Newly Launched Funding Directory PDF

Welcome to the first edition of the newly launched Funding Directory. You can [download the funding directory pdf](#) or view it on our website www.familylearningnetwork.com

The Funding Directory contains information on a wide range of grants to support informal adult and family learning. Future editions will list contacts for commissioning opportunities and tenders.

At the National Family Learning Network we know that securing funding is of great importance to you as providers, so we want to make the directory as useful to you as possible.

Please give your feedback on this first issue. We would also love to hear if you manage to secure funding through using the directory.

The National Family Learning Network contact for funding is Eva Amalathas
